Wooden fence styles for privacy share 3 basic components: posts, rails, and panels. Here I introduce you to these essential components. Read More: https://www.thespruce.com/basic-components-of-wooden-fence-styles-2130910?utm_source=emailshare&utm_medium=social&utm_campaign=shareurlbuttons

See if they can do the following:

1. Rail-less Cedar wood fence (so it looks the same on both sides of the fence)
2. Large Wood Posts
3. Bottom and Top Cap Rails
